Objectives Planned For

Monitor (updates made)

It was discussed how the administration should find relevant and needed PD opportunities for staff.

PD is still needed on differentiation, especially for our upper-level/Honors students. One idea was to have our teachers, who are great at differentiation, lead a PD to share their ideas, resources, and lessons. For example, Jim could do the Kagaen PD with the BTs. Kayla Carpenter could do a PD on choice boards and how she utilizes them in her courses.

It has been shown that more PD on ML growth strategies is needed for all courses.

More SchoolNet training was also mentioned as an option for staff PD.

Short PD opportunities could be implemented during PLC time or for 30 minutes during Staff Meeting. Possibilities of having short PD rotating sessions on the next teacher workday, Spring Semester. Investigate online PD opportunities so that staff could work at their own pace.

The New School Input Survey has been sent out to all teachers. This survey will collect staff input about each department's general needs. A committee will be formed to assess the survey data and make recommendations to administrations concerning what is needed for the New HS.

There will be additional Admin visits to other new high schools and CTE departments. The next visit is scheduled for December. The administration will visit Davie County to view their high school and CTE facilities.
