

PARENT LETTER—NCEXTEND1 Individual Student Reports

Glade Creek School
August, 2019

Dear Parent/Guardian,

In August 2019, the North Carolina State Board of Education (SBE) adopted new Academic Achievement Levels and Descriptors for the NCEXTEND1 Alternate Assessment of Mathematics.

An Individual Student Report (ISR) of your student's 2018–19 NCEXTEND1 Alternate Assessment of Mathematics score is attached with this letter. As you review your student's score report, remember the score on this test is only one indicator of how well your student is achieving, and should always be considered along with all other available information provided about your student.

In previous school years, the test has been reported using five Academic Achievement Levels; however, effective in August 2019, Achievement Levels are reported as shown below.

Achievement Levels	On-Grade-Level Standard	On Track for Career- and College-Readiness
Level 5 denotes comprehensive understanding of grade level content standards, are on track for career and college, and are prepared for advanced content at the grade/course.	Yes	Yes
Level 4 denotes a thorough understanding of grade level content standards and are on track for career and college.	Yes	Yes
Level 3 denotes sufficient understanding of grade level content standards though some support may be needed to engage with content at the next grade/course.	Yes	No
Not Proficient denotes inconsistent understanding of grade level content standards and will need support.	No	No

If you have any questions or concerns about your student's ISR, please contact gerald.miller@alleghany.k12.nc.us or call 336-657-3388

Sincerely,

Gerald Miller, Ed.D.
